

IT Manager

mobileTAIPAN Pte Ltd is seeking a qualified candidate for a IT Manager. This position requires a candidate that is experienced and can efficiently lead the IT Team. The individual is highly valued for its character and initiative to be part of our legacy.

Our Company

mobileTAIPAN is the leading developer of mobile web applications, systems and services.

We develop proprietary cloud-based applications which are then sold to the world on a SaaS business model. These services include business intelligence, management decision-making support, geo information services, multi-channelled mass communication, mobile marketing, digital publishing and digital distribution.

We've recently entered into an exciting new joint venture with a US mass distribution and marketing company based in Atlanta, Georgia, USA. The clients of this US company include Walmart, Coca-Cola, McDonalds, NFL, PGA Tours etc and we are jointly developing a global marketing platform on the internet and in the mobile domain.

We are now expanding our team to meet the challenges of this global mobile and internet mission. If you feel excited by this mission and feel you have the right prerequisites to become part of mobileTAIPAN's high performance team, please submit your CV/Resume to hr@mtaipan.com.

Key Responsibilities:

- Responsible for the planning and execution of Development, Production and all other corporate IT Infrastructure with high availability, global business continuity and high performance to support millions of simultaneous transactions and disaster recovery.
